Product information

Programming package in a desk case

Programming package for easily programming of switching times at your PC

Simple and logical

The PC-software allows data download from key to PC, modification of data and upload to data key

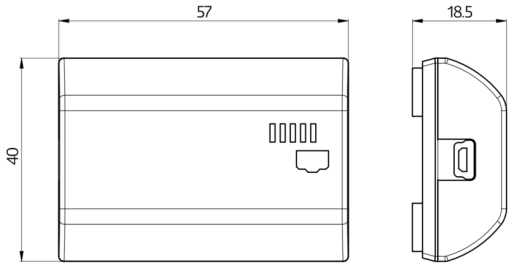

Switching programs can be saved to your PC

The save and carry programming package (TS-ACC-DS2), together with the data key (TS-ACC-DS1) make programming much easier. Program your time switches easily at your PC and save the switching program via USB-device on the datakey.

How can you save a switching program? How can you copy a switching program from one time switch to the other? Questions with an easy answer: TSACC-DS2! The new data key offers even more comfort

Data key TS-ACC-DS1 not included in delivery
